The funds needed to provide a scholarship shall be subtracted from the allotment payable to the resident school system.

(c) Each local school system shall submit quarterly reports to the department on dates established by the department stating the number of scholarship students in the resident school system. Following each notification, the department shall transfer from the state allotment to each school system the amount calculated under Code Section 20-2-161 to a separate account for the scholarship program for quarterly disbursement to the parents of scholarship students. When a student enters the program, the department must receive all documentation required for the student's participation, including the participating school's and student's fee schedules at least 30 days before the first quarterly scholarship payment is made for the student. The department shall not make any retroactive payments.

(d) Upon proper documentation received by the department, the department shall make quarterly scholarship payments to the parents of scholarship students on dates established by the department during each academic year in which the scholarship is in force. The initial payment shall be made upon evidence of admission to the participating school, and subsequent payments shall be made on evidence of continued enrollment and attendance at the participating school.

(e) Payment to the parents shall be made by individual warrant made payable to the student's parent and mailed by the department to the participating school of the parent's choice, and the parent shall restrictively endorse the warrant to the participating school for deposit into the account of such school.

(f) A person, on behalf of a participating school, shall not accept a power of attorney from a parent to sign a warrant, and a parent of a scholarship student shall not give a power of attorney designating a person, on behalf of a participating school, as the parent's attorney in fact.

(g) If the participating school requires partial payment of tuition prior to the start of the academic year to reserve space for students admitted to the school, that partial payment

may be paid by the department prior to the first quarterly payment of the year in which the scholarship is awarded, up to a maximum of \$1,000.00, and deducted from subsequent scholarship payments. If a student decides not to attend the participating school, the partial reservation payment must be returned to the department by such school. The department shall develop and utilize a compliance form for completion by participating schools. The department shall be authorized to require any pertinent information as it deems necessary from participating schools for the purpose of implementing the program. Participating schools shall be required to complete such forms and certify their accuracy.

20-2-2136.

No liability shall arise on the part of the department, the board, or the state or of any local board of education based on the award or use of a scholarship awarded pursuant to this article.

20-2-2137.

The Office of Student Achievement, in conjunction with the department, shall provide the General Assembly not later than December 1 of each year with a report regarding the scholarship program for the previous fiscal year.
